Crawford Shoes

That Custom Look

When I tell you the "Crawford" Shoes are better, I am not saying it merely to sell you a pair, but because I know it. They have the snap, the style and "Treadstrate" last, I have just received a large supply. Only place in town.

E. P. LAUGESSEN

If you would reach the top you must invest your money wisely. Why not invest in a home of your own instead of in a lot of worthless rent receipts. You can do this just as well as not. See us about our proposition which will let you live in your own house, while the rent goes toward paying for it.

If you have some cash to pay down, and are anxious to let the rent you pay every month apply on your own house, we want to show you what we can do. Come and see us, we have houses in all parts of town, that we sell that way.

CIRCUIT COURT TO CONVENE NEXT WEEK

Many Cases On Calendar But Few
Will Be Tried—Short Session
Expected

The fall term of Circuit Court for Oneida County, Judge A. H. Reid presiding, will convene in this city at two o'clock next Monday afternoon. This will be the first session of court to be held in this county since the passage of the state law changing the dates of the terms for this circuit.

The calendar is unusually long, containing nineteen criminal cases, eight civil jury cases, and nineteen cases to be decided by the court.

It is probable that of the criminal cases scheduled for trial all but two will be nolle or continued for the term. The most important criminal case is that of Louis Aseline charged with the murder of William Schofield. It is the opinion that this case will occupy only about three days time at the most, as there are but few witnesses to be examined. The evidence against Aseline is purely circumstantial and the trial will be one to excite much interest. As yet the prisoner has not engaged counsel. Owing to his financial circumstances, the state will undoubtedly be compelled to furnish him with a lawyer.

The other criminal case expected to be tried is that of a man charged with wife abandonment.

Of the list of civil cases on the calendar the supposition is that only about one-half of them will be disposed of at this term. There are none of these cases of any special importance except those involving taxes in the town of Minocqua for the last two years. In all respects these cases are similar and their disposal will no doubt depend on the result of one decision.

The session of this term of court is not expected to extend over two weeks.

No Grand Jury Cases
While the cases of the persons indicted by the grand jury for malfeasance in office all appear on the calendar the probabilities are that at this term none of the cases will be tried.

Terms of Court
The different terms of court as now arranged for this, the Sixteenth Judicial Circuit, are as follows:

Marathon County at Wausau—Second Monday in May, Second Monday in Sept., First Monday in Dec.

Lincoln County in Merrill—First Monday after first Tuesday in April, Last Monday in August, Second Monday in Nov.

Oneida County at Rhinelander—First Monday in March, Fourth Monday in Sept.

Vilas County at Eagle River—Second Monday in Jan. First Monday in June.

SUPT. CARY APPROVES MOVE

Is Pleased At Establishment Of
Training School.

The following letter is self explanatory. It would be injustice to others to not say that we got every encouragement from the county board in our move to establish a teachers' county training school. We had assurance from the chairman of the board that he believed in them, had inspected one and would do all in his power to help establish one. It was the united effort of the board that made the first steps in this undertaking so easy. In unity there is strength.
Supt. F. A. Lowell,

Rhinelander, Wis.

Dear Sir:—
Your letter of Sept. 15th announcing that the county board of supervisors of your county has voted to establish a training school at hand. Yesterday I received an official announcement from the county clerk and forward my approval. I wish to congratulate you upon the success of your efforts. You have done noble work in paving the way for the establishment of this school and I am sure the people of the county will never regret their action.

With best wishes, I remain,
Yours truly,
C. P. CARY,
State Superintendent.

HE SAW THE PRESIDENT.

Matt Stapleton Tells of Taft's Visit
To Milwaukee

Matt Stapleton returned Saturday morning from Milwaukee, where on Friday he was a member of the reception committee that welcomed President Taft to Wisconsin.

At the state fair grounds, Mr. Stapleton had an excellent view of the President, occupying a seat directly in front of the stand from which he made his address.

Mr. Stapleton heartily agrees with the President on his views regarding the establishment of a postal savings bank system and says that the points which he made clear while discussing this subject, strongly impressed the crowd.

By previous agreement the members of the reception committee did not shake hands with the President as they considered it would be an imposition for them to do so when thousands of others were waiting for an opportunity to greet the distinguished guest. The crowd at the state fair on President's Day was one of the largest that has ever assembled at Milwaukee for any occasion. Large numbers of people journeyed from distant points in the state just to see and hear the President.

JUDGE ALLOWS SIX CENTS AS DAMAGES

Wind Wins and Winnie Loses—An
Interesting Case From Town
of Cassian

The town of Cassian, this county, recently made known its presence on the map through a peculiar case at law, involving the ownership of an Indian pony, which was disposed of by Justice George Garber's court in that town.

The parties interested in the case were George Wind and Barry Winnie. Wind contended that he was the rightful owner of the pony as did also Winnie. After hearing both sides of the case, Justice Garber decided in favor of the Plaintiff Wind and ordered the Defendant Winnie to pay Wind damages to the amount of six cents which the Justice considered was due the defendant for the unlawful detention of the horse.

Winnie appealed to the Circuit Court but Judge Reid after summing up the merits of the case dismissed the appeal. Result—Wind wins; Winnie loses.

The case attracted considerable attention owing to the small amount of damages allowed the plaintiff and also to the fact that the defendant appealed such a trifling matter to a higher court.

In dismissing the case the Circuit Court clearly upheld the decision of Justice Garber which speaks highly for the efficiency of Cassian's popular Judge in disposing of critical points at law.

This is the first time on record in Oneida county where a decision rendered in a justice court has ever been appealed.

WARNING TO BUILDERS

There are a number of people in the state who should read chapter 224, laws of 1909, and after they have read it they should act real busy; otherwise they may have to pay fines all the way from \$1 to \$500 or go to jail for ninety days. The law that "every building now or hereafter erected, hotel, inn, schoolhouse, church, public hall, place of assembly, or places of public resort, factory or workshop, opera house or office building must be provided with exits having doors that open or swing outward, whether such doors are outer doors or open upon vestibules or stairways and when storm doors are used at the entrance of any such building, either inside or outside, said storm doors shall have a glass therein not less than fifteen inches square." The only exception is that this law does not apply to one story rural schoolhouses.—Central Wisconsin.

WILL PAY PREMIUMS
Arthur Taylor, secretary of the Oneida county Agricultural Society, announces to those who secured premiums on exhibits at the last Oneida County fair, that the society will be prepared to pay the same the last of next week.

BASE BALL SEASON ENDS LAST SUNDAY

Regulars Defeat White Sox In Final
Game—Players Leave For
Their Homes

The last base ball game of the season was an exhibition between the White Sox and regular team of this city. The White Sox is an aggregation composed of boys ranging in age from seventeen to twenty-one years and surprised the two hundred or more fans who assembled to witness the contest by their manner of play.

The game was played directly upon its merits and was won by the Regulars by a score of 7 to 1, the White Sox barely saving themselves a shut out. The Regulars were not forced to exert themselves and Deakin, who occupied the box for the big team, played as though it was his initial tryout.

Several of the youngsters showed class and cleverness and undoubtedly Manger Belliel will keep them under cover during the winter months and spring them upon the unsuspecting public when the grass is fresh and green next season.

Gardner, back stop for the Sox, caught much like a junior Johnnie Kling, the talking Cub. His throwing to bases was quick and accurate and the big fellows treated his arm with considerable respect. A little batting strength added to the roster of the Sox would make them quite formidable for any of the teams playing in this vicinity.

With the exception of a frequency of handling the ball carelessly and throwing to the bases unnecessarily, which, through team work, can be remedied with time and experience, the White Sox are indeed a fast little nine.

Carro, the regular White Sox pitcher, had speed but the city team livery. Thirteen hits were gathered for a total of eighteen bases.

Rooney, who played in left field for the Regulars, startled the spectators with a running catch by picking up the ball close to the ground, when almost to short, then turning a complete somersault, coming up with the ball for the out.

The game was played for the benefit of the Regular team before disbanded for the season. The boys were well satisfied with the results; each receiving a substantial sum from the receipts.

The White Sox declare that if given another opportunity to display their prowess on the diamond with the Regulars they might possibly perform to better advantage.

THE TEAM DISBANDED

The Rhinelander base ball team disbanded Sunday. Most of the players have departed for their respective homes for the winter.

Pitcher Frank Rooney and Catcher Chas. Feuner left Monday night for New Richmond to act as a battery for Barron at the fair at the former place this week. From there Rooney goes to Cleveland, Ohio, where during the winter months he takes a position with the Ohio Telephone company. Feuner will be working in his father's bakery at Peoria, Ill. Both these players left Rhinelander with the good will of the fans by reason of their good conduct both off and on the diamond. It is hoped they will return here next season.

Jastram, the brilliant third base man, has gone to Montana for the winter having secured a position on the Great Northern road. Bies, first base man, will spend the winter at Iron River and give his arm a long rest so as to be in perfect condition for next year. This player was at a disadvantage all season owing to the lameness of his throwing arm, but made up for this handicap by his general knowledge of the fine points of the game.

INTERESTING FLOOD PICTURES
In the display window of Kretlow's drug store on Davenport street can be seen an interesting collection of pictures showing the destruction by the recent flood at Odanah. Thousands of dollars worth of property was ruined and for a time the village was practically submerged. The photos give a person a good idea of the damage that can be done by an onrush of water.

AT THE STATE FAIR

Oneida County Should Be Represented With An Exhibit.

Jerry Driscoll returned Saturday from Milwaukee where he was numbered among the sight seers at the state fair. Mr. Driscoll says it was a great show and the exhibits of produce and live stock the best he has ever seen. He is of the opinion that an effort should be made next year to have an exhibit from Oneida county at the state fair. This, he considered, would be an excellent way in which to advertise the county as a farming section and might be the means of bringing in a few new settlers.

The fine display of vegetables at the Oneida county fair two weeks ago, would have carried off premiums at the state fair. It is almost safe to state that none of the counties in the old farming districts of Wisconsin can produce better crops of vegetables than those grown in this county. Following Mr. Driscoll's suggestion the farmers of this section should combine next year and be represented at Wisconsin's big fair.

WILL ESTABLISH AN AUTO GARAGE HERE

J. H. Morgan Buys a Building and Will
Engage In New Business
Enterprise

J. H. Morgan has purchased of C. F. Barnes the building on Stevens street occupied for the last two years by the Barnes printery.

Mr. Morgan closes this deal with the intention of establishing a large automobile garage in the building. To a New North representative Mr. Morgan stated that the garage will be opened next spring. He plans to arrange quarters for the shelter of six cars and also maintain a large auto repair shop. This will be in charge of expert auto-mechanics. Probably two such men will be employed and the force increased as the business demands. Mr. Morgan's son, Gordon will be in charge of the garage and he will spend the winter months in one of the large automobile factories for the purpose of becoming familiar with the construction and fine points of the machine.

Mr. Morgan will purchase a runabout, a medium sized auto, and a touring car for his own use. A large and complete line of auto supplies and equipment will be always kept in stock. This will be an accommodation greatly appreciated by the owners of cars in this city. As it is now when some part of a machine becomes out of order it is necessary to send the same to the factory to be repaired putting the car out of commission for several days. It is probable that Mr. Morgan will in time move the present building and replace it by a new one of brick structure to be built on the same plan as the garages in the big cities. This is his calculation and he says that no doubt before the end of next summer work on a building will be commenced.

While Mr. Morgan's venture will be a new one in this city there is no doubt but what it will prove a success. The statement has been made that Rhinelander has more automobiles than any other city of its size in northern Wisconsin; indications are that many new machines will be seen in the city next year. A garage and auto supply house is really a necessity here and will be recognized as one of the leading business institutions of the city.

THEY RETURNED HOME SAFE
Editor W. D. Lambert of Tomahawk, and his wife, caused their friends no little alarm Sunday, when they went on a hunting trip and failed to return at a reasonable hour. A searching party was organized and the woods scoured for them but they could not be found.

Monday afternoon, when excitement was at fever heat, Mr. and Mrs. Lambert walked into Tomahawk from Bundy where they had spent the night before with friends. Their appearance relieved the uneasy minds of the Tomahawk people many of whom believed that the editor and his better half had formed a meal for the ferocious panther seen in that vicinity some time ago.

FROM NEARBY TOWNS

Crandon—Rain and cold weather prevented the success of the Forest county fair held here last week. The exhibits were few and the attendance, with the exception of the last day, was very small. The amusements consisted of base ball games, clay pigeon shooting and acrobatic exhibitions. There was no horse racing.

Wausau—James Volock of the town of Mosinee was fined \$25 and costs by Judge Marchette upon his plea of guilty to having sold adulterated milk to a cheese factory. The complaint was made by R. B. Southard, deputy dairy and food inspector, who charged the defendant with having taken adulterated milk to the cheese factory of Bert Jenks in the town of Mosinee.

Ashland—Trains are running over the big fill across the White River valley. Work on this fill was started three years ago by the Wisconsin Central Railway Company and the cost has exceeded over half a million dollars. The concrete bridge over the White River was completed four years ago and each season since then large crews of men have been at work hauling material to make a solid fill across the valley. The undertaking proved a difficult and expensive one.

Clintonville—Little Viola Gill, and Frank Brooks, a theatre proprietor of this city, are patients at the Pasture Institute, Chicago. A few days ago they were bitten by a pet of the Gill girl. Later the dog died and an examination of its brain and spinal column showed that it had been afflicted with rabies. This is the first real mad dog scare experienced in Clintonville.

Eagle River—L. W. Wallace a Chicago sportsman who spends the summer seasons at the Eagle lakes, has through subscriptions, secured over sixty dollars with which to purchase wild rice seed to be planted along the lakes and streams in this vicinity. Such a move, will in time result in making this country a fine feeding ground for ducks thus affording the sportsmen excellent shooting.

Merrill—While carrying a 22 calibre rifle through the woods, Frank Stephenson, seventeen years old, stumbled over a log, accidentally discharging the weapon, the bullet entering his head and lodging near the brain. At the hospital the doctors decided not to remove the bullet as the operation would necessarily disfigure the boy. He may recover.

Mellen—If the development of Wisconsin water powers continues at the rate it has gone for the last five years, Bad river for its entire length will be harnessed within a few years. Copper Falls will be the next scene of operations. Plans are now being

made by an Ashland concern for the construction of a plant at Copper Falls that will develop 160 K. W. of hydro-electrical power. The current will be transmitted across country to Ashland for distribution. The White River power plant is being rebuilt on a large scale.

Oconto—E. J. Vanderboom, fire marshal, caused the arrest of Mrs. Bertha Heubner, charged with having set fire to her residence and other buildings on her farm in the town of How for the purpose of defrauding the insurance company. The buildings were entirely destroyed. The case has been adjourned until Sept. 29 and bonds fixed at \$1,000 which she furnished.

Ashland—Over \$200,000 worth of lumber was consumed by fire Monday afternoon and the yards of the Lake Superior Box & Lumber company were destroyed. The J. Stearns Lumber company lost between 11,000,000 and 12,000,000 feet of lumber valued at \$20 per 1000. A couple of months ago the mill of this company was destroyed but the lumber was saved. The loss to the Lake Superior Box & Lumber company is \$10,000 and to the Stearns company \$25,000.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by F. L. Hinman & Co.

ARRESTED FOR LARCENY

Joseph Beats of Star Lake was arrested at Grand Rapids Saturday, for larceny of a pocket book containing \$52.00 in cash, a portion of the funds being found on his person when taken into custody. The crime was committed in a saloon, where both Beats and a man named Waters, the owner of the money, had been drinking.

Beats gave intoxication as the sole cause of his action. He was bound over for trial before the Circuit Court in default of bail, the prisoner was committed to the Wood county jail.

"FISH TRAIN" TAKEN OFF

The fish train which during the summer has been running over the Monico-Watersmeet branch of the Northwestern road, was taken out of service, Monday. The train is a great accommodation to tourists and fishermen and will be reinstated next summer.

Add This to Your Store of Knowledge.

Kidney disease advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn out feeling, or if the urine is dark, foul-smelling, irregular and attended with pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's Kidney Pills.

Mrs. Mary Peter, 112 Second St., Merrill, Wis., says: "I willingly join others in recommending Doan's Kidney Pills as my experience with them has been satisfactory. I was quite miserable, suffering from an attack of kidney trouble when I began their use. They soon banished the pain and I am feeling better in every way. I hope other sufferers of kidney trouble will try Doan's Kidney Pills."

KILLS LARGE BEAR

A large black bear was shot by a woodsman near Malvern, last Saturday. The animal weighed over two hundred pounds. The hide will be sent to Chicago and manufactured into a rug for a wealthy merchant of that city.

ANOTHER SEPTEMBER WEDDING

At the home of the bride's parents, Mr. and Mrs. C. E. Merrifield at 1336 Curran street, Miss Ada Merrifield was united in marriage, Monday afternoon, to John Smith.

Rev. Bergstrom of the First Baptist church performed the ceremony. The attendants were Miss Anna Bergstrom and Adolph Oils.

Both Mr. Smith and his bride have lived in Rhinelander for several years and have a large circle of friends and acquaintances who wish them happiness.

They will go to housekeeping on Mason street.

H. A. ROCKWOOD VERY ILL

H. A. Rockwood is a patient at St. Mary's hospital critically ill with cancer of the stomach. Monday, he was operated upon but the position of the cancer is such that the physicians deemed it inadvisable to cause its removal. To have done so would no doubt have resulted in instant death. Mr. Rockwood is the owner of a fine farm in the town of Sugar Camp. In this city he has a large number of friends who regret to hear of his affliction.

OH! YOU MARK!

Editor Mark Beil of the Prentice Calumet has the following in the last issue of his worthy paper:

"Ye editors' wife and children have been spending the week visiting relatives at Cedar Grove and attending the state fair at Milwaukee, and the editor has been having the time of his life. Such an opportunity comes so seldom that we surely cannot be blamed for taking advantage of it. Now, doubtless, someone will tell 'our wife' that this is no joke."

A Narrow Escape

Edgar N. Bayliss, a merchant of Robinsonville, Del., writes: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near to it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar."

DIES AFTER LONG ILLNESS

The many friends of Rhinelander of Miss Ella Edwards will be sorry to learn of her death which occurred on Tuesday of last week at Wau paca. Miss Edwards had been in ill health for the last two years. She suffered much pain and at no time was any hope ever given for her recovery. For many years the young lady resided in Rhinelander with her mother, Mrs. Viola Edwards. She is survived by her parents and a brother, Barton Edwards.

MARRIED THURSDAY EVENING

Miss Tillie Pickrahn and Edward Kopplin, both of this city, were united in marriage by Rev. John DeJung at the home of Mrs. Pohl on Mason Street last Thursday evening. The young couple have commenced housekeeping on Thayer Street.

The groom is a plumber in the employ of the Oneda Plumbing Company and has many friends in the city who wish him and his bride much happiness.

Why We Are Stronger.

The old Greeks and Romans were great admirers of health and strength; their pictures and statuary made the muscles of the men stand out like cords.

As a matter of fact we have athletes and strong men—men fed on fine strength making food such as Quaker Oats—that would win in any contest with the old Roman or Greek champions.

It's a matter of food. The finest food for making strength of bone, muscle and nerve is fine oatmeal. Quaker Oats is the best because it is pure, no husks or stems or black specks. Farmers' wives are finding that by feeding the farm hands plentifully on Quaker Oats they get the best results in work and economy. If you are convenient to the store, buy the regular size packages; if not near the store buy the large size family package.

It's a common saying that "it costs as much to put on poor paint as good." The fact is it costs more, to put on poor paint; more gallons; the labor cost of painting is practically figured by the gallon.

Devco Lead-and-Zinc Paint takes fewer gallons than other paint; any other, we believe; and lasts longer when put on.

That makes it at a higher price than poor paint, the cheapest paint made.

ONLY ONE DEER NOW

According to a recent change in the hunting laws of the state made at the last session of the legislature, hunters will be allowed to kill but one deer this season instead of two as in past years. This will serve to prevent the rapid extinction of the animals, and will keep many hunters out of the woods, thus decreasing the number of accidents. The opinion is that there will be very few non-resident hunters come into the state this year as they will not care to pay the high license fee, twenty dollars, for the privilege of bagging only one deer.

One Rhinelander hunter says that the new law is all right as one deer is all that any man should be allowed to kill in season, while out of season he can use his own judgement.

IS HOPELESSLY INSANE

Thos. Kennedy of Woodruff was on Tuesday adjudged insane and committed by Judge Billings to the Northern Hospital at Winnebago. He was taken there yesterday by Sheriff Jilison and E. A. Forbes.

Kennedy is about fifty years of age and at one time was in the saloon business at Woodruff. He is in a serious condition not only mentally but physically as well. There is no hope for the man's recovery and from the Northern Hospital he will probably be transferred to some institution for the incurable insane.

After a ten days visit at the home of Mr. and Mrs. F. Patterson, Thos. O'Brien has returned to his home at Brawley, California. NIGHT SCHOOL

AT THE

Rhineland Business College

Opens Monday, October 4. Sessions from 7 to 9, Three Nights per week. Courses same as day school.

If you are desirous of getting more education than you already have, and you have the energy and time at your disposal, this will serve an excellent opportunity to get it and still be doing your regular work.

We can refer you to people who have taken night school work and are now holding good positions. Why not utilize those evenings instead of letting them slip by unheeded, it will only take a little of your time and you will never regret it.

COME IN AND LET ME TALK IT OVER WITH YOU.

O. E. Wood, Mgr.

SEPTEMBER 23, 1909.

Secretary Ballinger is exonerated but no facts are given to prove him innocent, neither do we expect any. We have heard too much about the technicality of the law, we want less technicality and more spirit of right and justice.

Wednesday of last week was a great day at Milwaukee for the politicians. All the statesmen and would be statesmen were at the Pfister or the Plankinton. The "interests" were well represented at the Pfister and the "progressives" were at the Plankinton. You could visit either place and take your choice.

Peary is still denouncing Cook. He fails to have manhood enough to give Cook a chance to prove his case. We see such men in every walk of life but they have but one idea developed. We believe there is more than one route to the north pole. The only criticism we have for Peary is that he lacks the good sense to remain silent and give explorer Cook a chance. We would rather support Cook's claims and be wrong than to join with Peary in his selfish tirade.

The base ball season is over and we must give Manager Bellini a word of praise for taking a losing team and with a small amount of money placing them among the best semi professional teams. We hear him criticised as we do other officials: can you take the team and do better? We believe in base ball, we believe in fans, we believe in good roads, we believe in anything that will develop our country and put us on the map. It takes all these things to make up a community and we favor no one to the exclusion of others. Neither would we help any one organization to the detriment of another. It takes all industries and moral and physical activities to make up a community, all faculties must be developed to make a man.

President Taft has been here and gone and what has he done to prove to us that a party should promise downward revision of the tariff and give us upward revision instead? We believe he did all he could in his mild gentle way to get a better tariff but the results of his labors make a poor showing, for the masses of the people.

A scientific revision should be made by men who know what they are doing. Now we had better wait and let the splendid scholarly commission which the president appointed have time to study the matter and make an intelligent report. But we should keep in mind the men who betrayed the people also the men who worked for their best interests: when the time comes have men in the offices who dare do their duty. It takes intelligence and courage to do the right thing. The easy way is to follow the crowd.

The Oneida County Fair is over and in last week's issue we praised those who so liberally patronized it and the officials who so successfully conducted it. There are other citizens of Oneida County who should be severely criticized; first those who live in the city and get their living from the people of the city and country and neither attended the fair nor did one thing to make it a success. What can one expect of the people outside of the city when we hear business men say they do not step into the gates during the entire session, and others who neither take an ad in the fair book nor attend and even brag that they do not attend. If you can not help an enterprise do not try to kill it.

There is a class of "so called" farmers that do not make a success of their work and need inspiration and intelligence of the successful farmer and still they know too much to attend the fair and learn what they can.

There is still another class who attend the fair and see nothing of interest or value. They feel it their special duty to comment on the poor management of the officers and hint how much better they could do and if they were given the reins they would be as helpless as children.

It is easy to find fault, can you step out and do better, if not boost and encourage, in other words, create instead of destroying.

It is not enough to tell us you can do better, you must be able to point to success in something else, and show that you are responsible for the trust imposed upon you, otherwise we shall think twice before placing you in these responsible positions. We have demonstrated and are willing to demonstrate again that we will help with word and money to give Oneida County a fair. Profit by the past, improve the present and look to the future and you will make a success.

THE STRANGE CANDIDACY

It is to be regretted that Lieut. Gov. John Strange did not wait until a later time before announcing his candidacy for governor but it is not surprising to those who know our mercurial lieutenant-governor. He is always most apt to do the thing least expected of him and it is temperamental with him and he could not be different. His argument is a good one concerning the primary law and there is no reason why he should not run if he so desires but it would have been more seemly for one who has always claimed to be acting solely in the interests of the general public, to have waited for some time yet until he could see whether his candidacy was in the interests of the public or purely a matter of personal ambition.

We believe that his announcement

was a big mistake for him personally, because it is well-nigh impossible for one man to keep a boom alive for himself for nearly a year and it stands a good show of dying a natural death before the campaign begins. Then too, his recent utterances in favor of a high tariff will not gain any votes in this state. It may be safely stated that at least eighty percent of the voters of this state stand for lower duties and will not be influenced favorably by the argument of Mr. Strange for higher duties.

The question of who shall be candidates this year for the various state offices is an important one to the people of the state. It is necessary for the Progressives to be awake and to see that only those men receive the support of the Progressive wing of the party who can be counted on to work unselfishly for

the general welfare without regard to personal gain. Who shall be the candidate is not so important as that each and every one shall stand for the Progressive policies and should require that each candidate for the legislature should pledge himself to support the winner at the primary for U. S. Senate or from first to last.

This is the crucial campaign and will be the hardest fight in the history of the state. If the Progressives stand united victory will be easy. Until some workable organization is perfected let every candidate hide his time and sink his personal ambitions in an effort for the general good.

Some of the would-be constitutional lawyers among the opponents of water power legislation are advancing the proposition that there is doubt as to whether the state has

authority to grant a permit for a dam on a navigable stream wholly within the state. The amusing part of this argument is the length of time that it has taken these gentlemen to find this out. Every session of the legislature since Wisconsin became a state has seen innumerable "dam bills" introduced and passed and no one doubted the right of the legislature so to do. The argument of these men at the present time, reduced to its lowest term is that as long as the state granted them the water powers without any cost to them or reservation of control by the state it was legal, but when the state desires to assert its right to tax these powers for the general benefit there is a doubt as to whether the state ever had a right to allow them to build a dam at all. The New North has no fear that any such specious argument will stand the

test, and believes that these valuable and private rights granted to corporations, and amounting in many cases to a sort of quasi-public corporation, should pay their share of the burdens of government and that the next legislature if composed of Progressive Republicans will see that such a law is passed.

We believe that the Progressives should see to it that candidates for the legislature in each district are committed to the Progressive policies before receiving Progressive support. What are you doing in your county, Progressive brother, to ensure this being done? Are you doing anything to induce this class of man to offer himself as a candidate? If not do so, and then afterwards take off your coat and help elect him. The personal efforts of every lover of good government is necessary, in the next campaign.

Peruna Tablets Tested.

What are the Peruna Tablets good for? Has anybody used them enough to know what they will do? Read the following letter and see. If you have any doubts as to the genuineness of the letter, write to Mrs. Lohr, enclose a stamp for reply, and see whether her testimonial is genuine or not:

Ravenna, Mich., June 15, 1908.
The Peruna Drug Co.

In regard to the Peruna Tablets, I have used about ten boxes in all. While I was in Chicago my oldest daughter was bothered with a cough all the time. She has had it for four years. Sometimes it would go away, and in the winter time it was so bad that the doctors and professors said that she had consumption, and the only way to give her any relief was to perform an operation.

I spend so much money for different medicines, and for doctors also. Nothing seemed to help her.

So I saw the Peruna Tablets advertised in the paper, and I got a box and tried them. She could get some sleep by taking them. She would be up all night and cough. So in all she took six boxes, and never was bothered any more.

I will leave this for any one to inquire at our old residence, where we lived in Chicago. All our neighbors would say that she could not live with such a cough. You don't know how thankful I am. She is eighteen years old.

My oldest son also was bothered with his stomach, throwing up, and his bowels so loose all the time. He was all run down for four months. I also doctored with him. One would say this and the other something else. I started to give him the Tablets, and now he is all right and healthy looking. He took four boxes. That is all he wants to take whenever anything ails him.

So I praise your Tablets just as high as I have your Peruna. That is all the medicine that ever comes in my house. Whenever I travel I take some with me. I have had three of my children sick with scarlet fever two months ago, and that is all I used, was the Peruna and the Tablets. I did not lose any of them.

If there is any more information you want, why just let me know and I will be glad to do so. Yours truly,
Mrs. L. Lohr, Ravenna, Mich.

CLERKS WIN CHAMPIONSHIP

They Defeat Barbers In Last Game—Score 8 to 6.

The standing of the two teams being a tie a game to decide the city championship was played between the Clerks and Barbers at the fair grounds, Sunday. The contest was one of the best seen on the local diamond this season. The result was in doubt until the last man was out, the final score being 8 to 6 in favor of the Clerks.

Special mention cannot be given of all the brilliant plays made during the game as space will not permit.

For the Barbers, Pitcher Cully Pete Nelson and Catcher Mettayer did exceptionally fine work. Nelson struck out ten men including Bartholamew Secord, the much lauded player from Jenny, who held third base for the Clerks.

Kinky, Little Joe Hartly and Kessler Forsyth also played well. Harckleroad Liebenstein was expelled from the game for disputing the umpire.

All that the Barbers have to say is they lost to a good team but will be in the field next season as strong as ever.

SAFE BLOWERS AT ATHENS

Sheriff Jilson and Chief Straub have been notified to be on the lookout for four men who blew open the safe of the State Bank at Athens, Marathon county, last Friday night. The robbers put two charges of explosives into the safe but the strong box containing the money remained solid and the quartette was obliged to hasten its escape without securing any booty. The men left town on a hand car and were chased down the Northwestern track for over nine miles by a party of armed citizens. They left the car and rushed into the woods and are still at large. Previous to making the attack on the bank the fellows blew open the safe in the Northwestern depot securing sixteen dollars.

WASHINGTON LETTER

Senator LaFollette is the victim of the post card crank. New post cards have appeared in Washington in the last few days which show the senator from Wisconsin in a characteristic attitude which he assumes when conversing on the street. The card is marked "Senator LaFollette" and while the name of the other person in the picture is not given his familiar features are readily recognizable to his many friends in Washington as those of Wilson Gardner, a well known political writer and the representative of the Newspaper Enterprise Association. Mr. Gardner is a valiant fighter for progressive principles and is a warm friend of Senator LaFollette. The Senator and Mr. Gardner were snapped while they were out for a walk; the back ground of the picture is suggestive of a rural scene.

Frank H. Hitchcock, Postmaster General, has been giving out the impression that he intended to enter upon a policy of retrenchment in the expenditures of the Postoffice Department. It has been suggested that he might begin by reducing the number of his press agents. The policy of appointing publicity agents to prepare matter for the newspaper is becoming a habit in official life. In some respects the publicity men have served a useful purpose by disseminating useful information concerning the workings of the Government Departments, much of it of local value. But the tendency of the press agent to give out sterilized matter, devoted largely to the laudation of the head of Department to whom he owes his appointment is all too manifest. Postmaster General Hitchcock has set a precedent by naming two press agents, E. C. Brockmyer and Jesse W. Sutter. Both were employed at the Republican National Headquarters in the last campaign. They have been appointed under some authorization of law which gives the Postmaster General power to name "special employees" and are paid from a contingent fund. Each day they hand out to the newspaper corps in Washington glowing notices of the admirable work the Postmaster General is doing in the public service.

The statement was made by an officer of the Department of Justice apropos of a rumor that has been circulated here that Ormsby McHarg is interested personally in a contract which has been made with the Choctaw and Chickasaw Indians, by which he is to receive an annual fee of \$12,000 to act as a regular attorney for the two tribes. The contract is said to have been negotiated through the law firm of Mansfield, McMurray and Cornish in Oklahoma and has been sent to the Interior Department for approval. It has not yet been approved and Assistant Secretary Pierce has said that he would never consent to approve it. The matter has aroused some interest here in view of the fact that McHarg is shortly to retire from the office of Assistant Secretary of Commerce and Labor to engage in the practice of law. McHarg was formerly private secretary to Senator McCumber of North Dakota and was appointed as special attorney by President Roosevelt to represent the Government in the land fraud cases in Oklahoma. He resigned from this work to assist Frank H. Hitchcock in booming Mr. Taft for the presidency and was identified with the Republican National Committee in the last campaign. After making a vigorous attack on Gifford Pinchot and the "Conversation" policy of the Forestry Bureau and a strong defense of the attitude of Secretary Ballinger through a widely published interview Mr. McHarg tendered his resignation to take effect October 1.

Best Treatment For a Burn

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by F. L. Hinman & Co.

HE LIKES ONEDIA CONTY

Mr. and Mrs. Thos. Ashton returned Friday to their home at Winchester, Ind., after spending the last month in the city guests of his brothers, W. E. and S. H. Ashton and families. They received a telegram announcing the serious illness of a grandchild. Mr. Ashton, while here, made several trips up the Wisconsin river to W. E. Ashton's cottage and was most enthusiastic over the good fishing and beautiful scenery along the stream. While a true Hoosier, Mr. Ashton could not help but express himself in glowing terms of the many virtues of northern Wisconsin. He stated that he would like to spend all his summers in this country.

SELLS LOGGING CONTRACT

Mr. and Mrs. Robert Riley came over from Park Falls, Saturday, and intend to spend the week here. A. M. Riley & Sons have turned over their logging contract at Park Falls to the Atwood Lumber company and this concern will continue the work. The company had an option on the contract since July and the deal was closed last week. Riley & Sons employed seven hundred men on the job. Part of the crew worked on the several miles of logging railroad.

Mr. Riley will soon return to Rhinelander. He may log during the coming winter for a Merrill concern.

DESERT AUTO ROAD OF MATTING

The first automobile journey into the heart of the Sahara desert has just been accomplished by a Chicago party. Their course was south to the Sahara oasis, where they found 100,000, date palms growing, and thence 150 miles to the heart of the desert. During the trip they were forced to carry strips of matting, each 20 ft. in length, to be stretched over soft sand before the machine.

The auto, so far into the desert, created great curiosity, several Arab bands meeting and following it for some time and all displaying the delight of a child with a new toy. From October Popular Mechanics.

MARTIN-STRUVE NUPTIALS

Miss Minnie Martin and August Struve were married a few days ago at Ogema, Price county. They will make their home at that village.

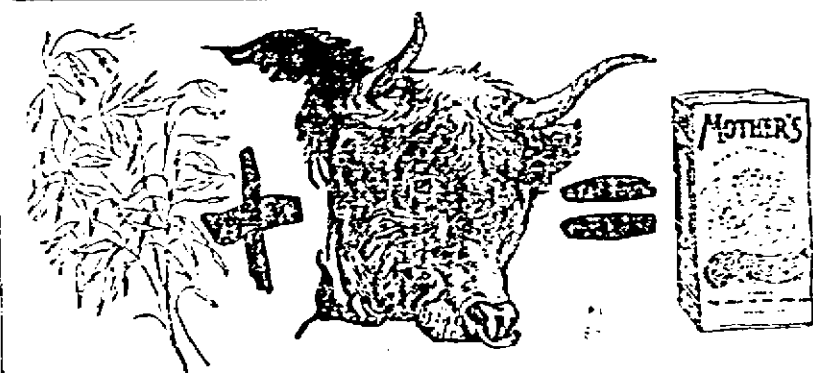

The bride has a host of friends in Rhinelander having until a short time ago held a position at Jacobson's store. She is the daughter of Mr. and Mrs. Martin, who are numbered among the oldest and most prominent residents of Price county.

Mr. Struve is a prosperous young business man of Ogema and owns a large amount of real estate there. That he also possesses good judgment is displayed in his choice of a wife.

To Mr. and Mrs. Struve the best of wishes are extended.

A Sprained Ankle

As usually treated a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may, in most cases be effected in less than one week's time. This liniment is a most remarkable preparation; try it for a sprain or a bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. COUNCIL PROCEEDINGS
Sept. 14th, 1909.
At a special meeting of the Common Council, duly called and held on the 14th day of Sept. 1909.

Mayor Arderle presiding. The following Alderman answered roll call: Baker, Cain, Calkins, Gilley, Hanson, N. P. Hanson; Roepecke, Schauder, Swedberg.

Meeting called for to act on a petition for transfer of liquor license.

Said petition being read as follows: Rhinelander, Wis. Aug. 17th 1909. To the Mayor and Common Council, City of Rhinelander.

Gentlemen: I do hereby apply for to

have my liquor license transferred from my present location, namely the N. 25 ft. of Lot 3 Block 4 of the original plat to the south 20 ft of Lot 2 Block 25 of the said original plat. (Signed) Pat Cain

Moved by Ald Baker seconded by Ald Calkins that such petition for transfer of license be granted. Carried, the Alderman voting as follows: Baker, Cain, Calkins, Hanson, Gilley, Schauder, and Swedberg voting aye and Ald N. P. Hanson and Roepecke voting no.

Moved by Ald Swedberg seconded by Ald Calkins that the Alderman present receive no compensation for the attendance of this meeting. Carried.

Upon motion Council adjourned.

GUST SWEDBERG, City Clerk.

GOVERNOR JOHN A. JOHNSON
Governor John A. Johnson of Minnesota, three times elected as chief executive of that state, a candidate for the Democratic nomination for President in 1908 and regarded by many throughout the country as the probable Democratic presidential candidate in 1912, died Tuesday morning at Rochester, Minn., following an operation last Wednesday.

Governor Johnson was the only Democrat elected on the Minnesota state ticket last year. His plurality three years ago was the largest ever given a governor in that state. It has been said of him that he could be governor of Minnesota for as many terms as he desired to accept the office.

The death of such a man is a loss to the entire nation.

YOUNGSTERS MAY HUNT
Contrary to all previous reports young boys are permitted to hunt in Wisconsin and licenses can be issued to them no matter what their ages may be.

The state game warden has sent the following letter to county clerks. State of Wisconsin, Madison, Wis., Sept. 16, 1909.

Dear Sir:—According to an opinion just rendered me by the attorney general, you are hereby authorized to issue resident hunting licenses to any person in the state irrespective of age. You will understand, therefore, that licenses shall now be issued to all applicants whether fifteen years of age or under.

Truly yours,
G. W. Rickman.

LARSON GETS OFF EASY
In federal court at Marquette, Judge Knapper sentenced E. T. Larson, cashier of the defunct First National bank at Ironwood to seven years in the Detroit house of correction. Larson had plead guilty on six different counts.

The comparatively light sentence surprised many people, but it was urged in extenuation that his admitted offenses had been committed in an effort to relieve the bank's shattered fortunes and he himself had not been benefited, it being hinted that the bank had practically been insolvent for years. This plea evidently carried much weight.

CARD OF THANKS.
To the many kind friends, to the members of the U. O. F., K. O. T. M. and M. W. A. lodges, we wish to express our heartfelt gratitude for their assistance and sympathy during the last illness and at the death of our beloved wife and mother.

WM. HERRICK.
MRS. DORA CUMMINGS.

ENGLISH M. E. CHURCH NOTES
Renovations of the church building now under progress make it necessary for the congregation to worship next Sunday at the Odd Fellows' Hall. Preaching service 10:30 a. m., Sabbath school 10:45 a. m., Epworth League 6:30 p. m., Evening worship 7:30 p. m.

The new preacher will officiate and desires to make the acquaintance of the members and friends of the congregation.

WRECK ON NORTHWESTERN
The engine and mail car of Northwestern train 16 running between Ashland and Milwaukee were ditched Sunday evening at a point not far from Kaukauna. The passengers though none were seriously hurt, were badly shaken up.

The wreck blocked traffic over the line for some time and the passengers were transferred to the train from Green Bay reaching Milwaukee several hours late.

John Collins returned this morning to Minneapolis after a few days visit with friends in Rhinelander.

Mrs. J. J. Fauteck returned Tuesday to her home at Reedsburg after a visit with her daughter, Mrs. F. E. Kretlow.

At present there is only one prisoner in the county jail. He is Louis Aseline who is being held for the murder of William Schofield. Sheriff J. J. Jilison states that business in his line is very dull and that he hasn't had occasion to make an arrest for several weeks. Either all the bad men have left for greener fields or a wave of reform has struck the county.

John Murphy returned Monday to Lac du Flambeau.

Geo. Dosquette arrived from Ashland yesterday for a visit with his family on Anderson street.

Misses Hazel and Eva Hildebrand leave Sunday night for Madison where Hazel will enter the University. In company with the Misses Dot and Bee Barnes Eva will go to Trinity College at Washington, D. C.

ONLY POSSIBLE REASON.

Myrtle—She is going without a new spring hat this year.
Marion—For what reason?
Myrtle—Because she has to.

EXPLAINED.

Mrs. Parrot—I hear that the newly wedded De Monks had quite a catastrophe when they started on their honeymoon trip?
Mrs. Pelican—Yes, the wedding train was derailed. Old Jumbo saw them off and playfully threw one of his old shoes!

WILLING TO PLEASE.

Fair Patient—I feel quite worn out, doctor. The incessant ringing of those church bells has got on my nerves.
Doctor (young and Hibernian)—Och, shure, an' we'll remedy that! I'll have straw laid down in the street.—By-stander.

AFFECTED HIM DIFFERENTLY.

Earlie—What's pa doing down in the cellar? Patching up the icebox?
His Ma—No, dear. He's putting new wire gauze on the screen door.
Earlie—How do you know?
His Ma—By the language he is using, dear.

The Triumphant Feminine.
Woman's superiority over man is proved by the fact that she can be a heroine even to the maid who pins on her switches and adjusts her hat.

Watch the Small Things.
Chinese proverb: Attention to small things is the economy of virtue.

Pupils' Backs to Teacher.

Human Judgment.
Human judgment is finite, and it ought always to be charitable.

Virtue in Troubles.
The only really miserable people are those who haven't any troubles.

DANGER

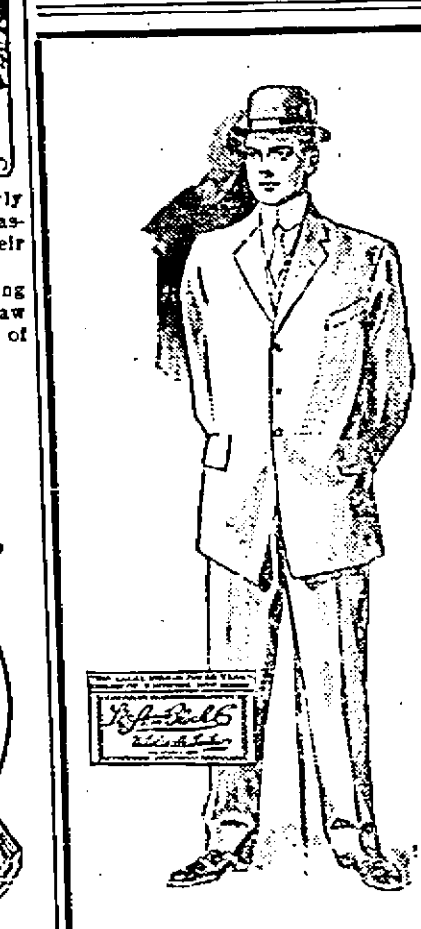

Have you ever compared the value of your property with the amount of insurance you carry on it?

Is your property as fully insured as conservative companies will permit?

If not see us today—for it's economy of the poorest sort to try to save a few dollars at the risk of perhaps thousands.

Sound, strong companies only are represented here.
